"Vall del Portet Residential: Luxury and Nature in Benitachell. Casas del Mediterráneo presents this new luxury private residential, designed by AVG - Avantgarde Architecture & Design, located in Benitachell, Costa Blanca. With 16 independent single-family homes, Vall del Portet is the ideal place to live with impressive views of the sea and a natural environment. The houses, available from 273 m², have 3 and 4 bedrooms, each with a built-in bathroom. Sustainability is key in this project: the homes incorporate solar panels and aerothermal energy, reducing the environmental impact.

Each house offers open spaces to enjoy the outdoors, panoramic views, private pool, barbecue, chillout area, garage and storage room. The avant-garde design of Avantgarde Architecture & Design is complemented by porcelain finishes, underfloor heating and the option to include home automation or smart lighting.

Vall del Portet is located in a privileged area of Benitachell, close to the beach and services, local shops and restaurants, surrounded by nature and with views of the Mediterranean Sea. The homes are available from €770,000, offering an exclusive lifestyle in a small paradise on the Costa Blanca."
