- ✓ Airconditioning

If there is a villa that stands out for its design and open spaces with sea views, this is it. The most spectacular feature is the impressive living-dining room, with an open-plan layout, TV area, lounge and dining room also connected to the large kitchen, by a beautiful central island. All these spaces are connected to the outside world, with the pool terrace and the porch for dining outdoors almost all year round admiring the sea.

The master bedroom also deserves a special mention, with its own double-sink bathroom, with a bathtub and shower, connected to the dressing room and the living area, a design oriented towards comfort, which lets in light and sun and allows you to contemplate the sea when you wake up.

This villa has a total of four bedrooms, all with en-suite bathrooms, dressing rooms or wardrobes and access to a terrace with sea views. Equipped with parking for two vehicles, and impressive outdoor areas with an infinity pool, garden, terraces and a large porch to enjoy life in the Mediterranean.
