Located just a short distance from the coast of Benissa, this stunning country estate enjoys magnificent views. This beautiful villa set in a wonderful natural setting is a real gem. It is by far the ideal country estate due to its size, quality and spectacular location.

Built on a plot of almost 10.366 m², it offers views of the countryside, the valley and the idyllic surrounding vineyards with the impressive Bernia mountain range in the background.

The extraordinary architecture, typical of a country house, with authentic natural stone walls, imposing wooden beams and hand-cut clay tiles, impressively conveys the traditional character of the estate, as well as contemporary comfort and integrated elegance due to modern floor-to-ceiling windows, a custom kitchen and a spacious gallery with a touch of comfort and romantic elegance.

This house is surrounded by a garden and a large plot of land, offering stunning views of the picturesque plains of the area and idyllic vineyards, with impressive mountain ranges in the background. The property also features an impressive fireplace with hidden underfloor heating, a private outdoor pool area, and a large barbecue facility integrated into a spacious outdoor kitchen with covered dining area.

The garage has space for two vehicles and is located next to the house with direct access to the interior patio and pool area. The entrance is surrounded by an impressive, highly decorative natural stone wall. The exterior complex is easy to maintain.
